

Daman Securities Mobile Trading Manual

Daman Securities launched its latest high tech Smart phones – APP to allow users to place orders and track markets movements plus viewing the user statements, with high security level and ease to use.

The mobile trading app is Daman's latest customercentric initiative designed to provide investors with 'peace-of-mind' safety every time they use it for their transactions while being mindful of their convenience no matter where they are, at home, the office, out and about or on transit.

The mobile app offers Daman customers a raft of fresh features allowing for enhanced functionality and 24/7 productivity.
